

Letter of complaint

Dear Mr and Mrs Jenkins,

I am very sorry to have to write this letter to you but my wife and I have had as much as we can take.

The noise that cat makes every night is keeping us awake. Not only that, it comes in our garden and digs holes and it chases our Alsatian and eats his food. It also scratches the wooden supports of our porch and makes marks on them so that I have had to repaint them twice since you moved in.

Our previous neighbours, Frank and Connie, were very good friends of ours. Just like you, they had a cat but it never caused us any trouble. If the problems continue, we will have no choice but to contact the council.

We look forward to your reply.

Yours sincerely,

Mr C J Moaner
